### Product Description

The very first book from Da Great Deity Dah, and the very first limited edition print, this book contains all the lyrics from the EMFG album along with essays that give insight into what he was thinking and the ideology beneath. This is a must have book for deep thinkers and people who are curious about the mind. There are classics such as Penetrate The Soul, Dapper, and, Life or Death, with pictures spanning the 21 year career of the DC based lyricist. Everything from spirituality, to history, to media, to humanity is covered in this great tome. A perfect companion for the classic Jazz/Hip-Hop fusion album, **Chronicles of The Electromagnetic Field General. The Carnegie Mellon Sessions.**
